Preamble—The purpose of this application is to apply for permission to burn combustible construction waste (non-putrescible) from time to time under favourable atmospheric conditions in a portion of the landfill site remote from the general refuse dumping area.

Corporation of the City of Dawson Creek, Box 150, Dawson Creek, B.C., hereby applies for amendment(s), as described below, to Pollution Control Permit PR-2212, granted on October 7, 1974, which authorized the discharge of municipal refuse from the City of Dawson Creek located at Dawson Creek, B.C., to the land.

AMENDMENTS REQUESTED

Before: Burning of any kind is not presently authorized.

After: It is proposed to establish a specified area of the landfill site (*see* attached site plan) where construction waste (mainly wood) containing no municipal refuse can be burned. The proposed burning area is separated from the general refuse dumping area by an internal gate. An attendant is on duty during all hours that the main gate at the highway is open. There is a telephone at the site.
